Fall is here!! August was a fantastic month! We were sad to say goodbye to all of our graduating VPK students as they ventured off to Kindergarten but, we were excited for the start of the new school year! We are continuing to get "Back to the Basics". This month our students will be learning all about Community Helpers. Several community helpers will be visiting the children this month to speak to them about their professions and how they work in our community.

The playground is completed and we are so thrilled with how great it looks! The children love it! It is very important that we protect the integrity of the grounding which is why **NO HIGH HEELS** should be worn on the **pour in place** area of the playground. The **green tile entry area** is the furthest point heels should be worn. Thank you for helping us keep our playground beautiful and safe! In order to keep our students safe while on the playground, we are reminding parents that students should wear sneakers only..please avoid flip flops, crocs, and open toed shoes.

There are many fun activities coming in the upcoming months, please make sure to check our signs posted throughout the center to keep up-to-date!

*Have an amazing month!!*

*Ms. Melissa and Ms. Tammy*

## Developmental Two A

August was a super exciting month for us! First we want to welcome our new friends, to our classroom. Our playground is finally done, and ready for us to have lots of fun on! We are looking forward to a very fun month!! We are asking all of our parents to bring in a recent family picture for our wall, if you haven't already done so. Everyday your child receives a daily report of how their day went, if you have any questions, feel free to ask!! Our curriculum this month is full of new numbers, letters, colors & shapes!! We cannot wait to see what September has in store for us!!

## Developmental Three B

We are very excited to start the new school year!! Our children will transition into a more complex learning environment. Play is fundamental at this age, and we are well prepared to enrich their activities. By doing so, they will learn problem solving, language, math, and coping skills. Please pay attention to our daily lesson plans and parent board. We recommend that you start asking your child open-ended questions about their school day. Our goal is to not only work with your child, but to work with you as well on your child's progress. By the end of this year they will develop a happy, healthy self-image, curiosity, and values. If you have any question don't hesitate to ask!! September is going to be a fun month!!
