We are also excited to announce that long-awaited facility improvements are about to begin!! The “tired” support columns on the front porch will be repaired; all buildings, doors, trim, front porch surface, and covering over the driveway will be painted; the lobby will be painted; AND the office will be blessed with fresh color and a new floor. Can’t wait...watch the magic unfold!!!

As we come to the end of this academic year, it is with great pride that I look at the many achievements of the children. We celebrate those achievements and welcome our new students with excitement. We have a rich curriculum full of wonderful activities for the children to learn and grow. Our themes for the month are back to school, family, and friends.

I am looking forward to meeting all the new families.

I would like to welcome everyone to 4C. This is always an exciting time for teachers, students, and parents.

I have an exciting year planned for all of us, from take-home projects to class projects to science projects. Our first project will be learning "All About Me". We will create a collage of all of our favorite things.

We will also be adjusting to our new environment and making new friends.

I look forward to creating memories that will last a life-time.

Thanks for sharing your children with me!!
