January was a success! We were super excited to welcome in the New Year! Let's keep the steam going in February which is dental health month. We will learn about keeping our teeth clean, what makes and keeps us healthy in many facets and its importance. We're also learning how to write our name and recognize our numbers and shapes.

February brings us a lot of exciting activities to coincide with our monthly curriculum. Keep a look out for all the activities we will be exploring and ask us what new concepts we are learning.

Most of the children enjoyed our slow cooker hot cocoa last month. Hopefully this month's activities will go over better.

This month is full of fun filled science experiments. We will learn how crystals are formed, how mold grows and why and what happens to our candy when frozen.

We will discuss how we can make healthy choices when eating, what foods are good for our body and which ones are not healthy. We will also be learning about germs. Where they come from, and how they spread from one to another, and how to stay safe.

Our Valentine's Pajama Day Party will be on 2/14/23.

When making Valentine's cards please ensure that they are labeled
To: My friend; so all of our friends receive them.

We are asking if your child has a Dr. Seuss book that they would like to share with the class to PLEASE bring it in the last week of February in celebration of Dr. Seuss upcoming birthday on March 2nd. We will read their books to the class and return them.

**Please remember to label your child's cup daily with their name and date.
