Last month we welcomed Jordan and Gabrielle into our classroom and this month we will be welcoming Wyatt into our classroom. We will be celebrating Easter on the 9th and the 13th, we will be celebrating Penelope as she turns a year old. Join us as we learn all about animals and dinosaurs through books, music and art. If you haven't already please remember to send in a family photo to be displayed in the classroom, and PLEASE REMEMBER TO KEEP LABELING BOTTLES before they are put in the fridge each morning. Thank you and I hope everyone is enjoying spring so far!

♥ Ms. Ayla & Ms. Lauren

CLASSROOM 1A

April will be filled with a plethora of activities to get us learning about animals and all that encompasses them, their habitats, eating habits, and sleeping patterns.

Our St. Patrick's Day party was a success as I'm sure our Easter party will be also. Please send in a family photo that we can put on our new family tree. This allows the children to see your fabulous faces even when you are not here.

♥ Ms. Thalia & Ms. Brianna

CLASSROOM 2A

What kind of fun can we have with eggs this month? Well... we will see if we can make an egg float or not. A Big welcome to Keandre Jr., thank you for joining our journey of educational happiness! At the beginning of the month we will choose from a few different ways to dye our Easter eggs. Let's see if we can dissolve a jelly bean too! The first week of April will be full of fun Easter activities. Be on the look-out for a donation sign up for our Easter Party on April 6th. Our class will talk about what it takes to run a farm, from daily tasks to planting and harvesting our crop. We will end our month with what it was like when dinosaurs exist.

Ms. Tonja & Ms. Luz

VPK C

In March we had a nice birthday celebration for Dr. Seuss. The kids really enjoyed it. Hello April! We have a combination of Easter activities coming up mixed in with our typical lesson plans. We will have an opportunity to dye some eggs to take home, have an egg hunt, and even learn how to make a rubber egg. We will discuss different types of animals that live in the jungle, zoo, farm and throw in some dinosaurs for good measure.

Please remember to work with your child on nightly assignments for homework as we are trying our best to prepare them for Kindergarten.

Please make sure to have your child here by 9, so they don't miss out on graduation practice

Dates and times are subject to change

Did you know?:

April is named for the Greek goddess of love, Aphrodite.

April also only had 29 days, but a 30th day was added when Julius Caesar established the Julian calendar.

April Fool's Day:

My favorite April Fool's prank is pretending I'm going to leave the couch.

What's the difference between Thanksgiving and April 1? Being thankful versus prankful.

HAPPY
Easter
