December, what a fun and exciting time of the year! Lots of fun activities planned throughout the school. So please keep an eye out so you and your little one are prepared. I have some fun crafts planned so take a moment to check out the room for your child's artwork. I would like to welcome Atlas to our classroom. We will continue to work on using our manners "Please and Thank you" You can also help with this. Please sure to have at least one complete change of clothes in your child's cubby that fit and that are weather appropriate, also a cup daily that is labeled with first and last name.

Thank you so much!

Have a wonderful Holiday season!

Love

Ms Kerry

Celebrations around the world !

Hello everyone! Today I want to tell you about celebrations around the world. People everywhere have special days to share joy, food, music, and traditions.

In the United States there are traditions like decorating Christmas trees, exchanging gifts, and enjoying festive meals with family and friends. Other popular customs include looking at holiday lights, singing Christmas carols, watching Christmas movies, and leaving out cookies and milk for Santa Claus on Christmas Eve.

In Mexico, people celebrate Dia de los Muertos (Day of the dead). Families make colorful altars, decorate with flowers, and remember their loved ones.

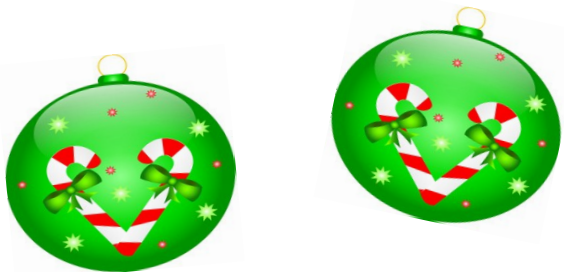

In India , people celebrate Diwali, the Festival of lights. They light candles, share sweets, and wear beautiful clothes.

In China , the Chinese New Year is very important. Families eat dumplings, watch fireworks, and give red envelopes with money for good luck.

Each country has its own way to celebrate, but all these traditions bring people together. Celebrations help us learn about others and appreciate our world's wonderful diversity.

What celebration is your favorite?

For the Month of December, our class will be reviewing letters A-P and numbers 1-10. our colors of the month will be green and red, and our shapes of the month will be the cone and the star. We will also be learning about big, medium, and small, as well as exploring opposites throughout our lessons and activities. Throughout the month, students will participate in hands-on learning such as color sorting, shape crafts, star and cone activities, size sorting, opposites games, continued practice recognizing letters and numbers. We look forward to a fun month filled with holiday-themed learning.

We have many exciting events planned. Each student will participate in our **Secret Santa** gift exchange. Students will choose a name and bring in a wrapped gift. There is a \$10.budget, and we kindly remind families that in order for a child to receive a gift, they must bring in one.

We want all children to enjoy this activity!

We will also be having our Christmas Program on December 18th, with the time to be announced soon. In addition, we will have a Christmas Party that will include our Secret Santa exchange. A party sign-up sheet will be available shortly for families who would like to contribute.

Please note our holiday closures:

We will be closed Christmas Day and the day after, as well as New Year's Day

There will be No VPK during 12/22- 1/2

We are excited to enjoy a cheerful and festive holiday season with lots of learning, joy, and laughter.

Love ,
