**Welcome April !**

**We're looking forward to a great month.**

**We are excited about our new topic, "Animals in Action"! This is going to be an exciting adventure where we will explore how different animals move, behave, and interact with their environments. In the upcoming weeks, we will learn about the amazing ways animals can run, jump, fly, swim, and even crawl. We will also study how they use their skills to hunt, and communicate with each other. From the cheetah's lightning fast run to the whales graceful swim, we will learn fascinating facts about the animal kingdom. Please if you would like to share any interesting facts that you may know, the children would love to hear about them. We will also be doing some fun activities, including drawing animals in action and creating small projects. I am sure you will enjoy learning about how animals live and thrive in the wild. I look forward to seeing all your creativity and knowledge on this topic!**

**Wishing everyone a happy month!**

**Love your D2/ D-3 teacher;**

# VPK

**Hello Families,**

**This week, in VPK we are excited to share that we are finishing up our alphabet and beginning to learn about vowels (A,E,I,O,U).**

**Along with this, we will be practicing how to count by 5s and learning to identify and say their colors through fun and engaging songs. We will also begin practicing for our graduation program, which is always a special and memorable time for our students. Please continue to check Procure and look out for updates around the school for important information regarding graduation details. There is a graduation fee that will cover the cap and gown along with additional items, so please see administration if you have any questions. In addition, we are looking forward to celebrating Easter with a full week of fun activities! We are kindly asking for donations of prefilled plastic eggs to help make this celebration extra special for the children. Lastly, Please note that the school will be closed on Good Friday, April 3rd.**
