## Dates to remember...

July 2nd– Ice cream

July 3rd– Independence day  
(observed) CLOSED

July 23rd– Ice cream

July 31st– Teacher work day  
CLOSED

Dear Parents,

This month theme is 3-2-1 Blast off . We can't wait to explore the universe together! We are having a great time this summer; we have loved our water days so far! Parents, please remember that every Friday will be water day as long as weather permits so make sure to send them in their water clothes with sunscreen on, with an extra set of clothes packed as well as a towel so they can dry off. If you do not want your child participating in water day for any reason, please let your child's teacher know as well as admin so we are able to plan accordingly.

Please make sure that all children are here by 9:00 am everyday, if you will be late, please call the office to let us know ahead of time. As it is summer and we would like for our teachers to get a little break as well, we need to know how many children will be in each class every day so we can send teachers home early if possible.

We are coming into our summer weather so stay safe by keeping an eye on heat advisories as well as storms.

As we are getting deeper into hurricane season, please be on the lookout for any posted messages regarding school closures if the need arises.

The page is decorated with a border of space-themed icons. On the left side, there is a vertical line of orange stars and black dots, with a blue planet at the bottom. On the right side, there is a vertical line of orange stars and black dots, with a yellow moon at the top and a red planet at the bottom. The text is centered on the page.

## *Infants*

Our theme this month has to do with outer space so we will be doing some art and sensory activities with the planets and listening to some fun space music for our music and movement time. We will also be focusing on our gross motor skills like walking, running, and climbing, as well as fine motor skills to get ready for the one year old class by practicing holding crayons and paint brushes for our art activities.

♥ Ms. Tina

## *Developmental 1A*

We had a wonderful time celebrating dads last month, we hope you all had a great Father's Day. Starting water day has been so much fun, it's a great way to cool off in the heat of the summer! We have seen some awesome growth this month from our friends here in the one year old room. Claire has been enjoying art much more, Ace has started answering yes or no questions, Raymond is having fun using crayons, Olivia is starting to put words together to speak in sentences, Psalm is counting to 5, and Jack has started participating in circle time! I am so proud of each of them and the wonderful skills they pick up each and every day. This month, with our theme being 3-2-1 Blast Off, we will be doing crafts based on space and rocket ships. We are also going to focus on science activities this month. We are having a great summer so far!

♥ Ms. Melissa

A decorative illustration of a red and white rocket ship with a blue window, positioned in the bottom left corner of the page.

## *Developmental 2A*

We have officially said goodbye to our friend Oliver who has started his adventure in the three year old class. I'm sure he is going to do fantastic! We had a wonderful time eating some donuts and celebrating our dads for Father's Day, we hope everyone had a Happy Father's Day. We will be having our 4th of July party on July 2nd and parents are more than welcome to send in some patriotic treats. We are going to continue learning our letters and numbers, as well as starting to practice with scissors. Science is going to be a focus this month with some cool experiments to try out in class to fit into our 3-2-1 Blast Off theme.

♥ Ms. Kelly

## *Developmental 3A*

We have had a fantastic start to the summer! We are excited to welcome Oliver into our class, he is doing great with his transition. We have been having a great time on our Friday water days, it has definitely become the highlight of the weeks! We have so much to celebrate this month, we have the Fourth of July to look forward to, but we also have a few birthdays to look forward to! We have our friends Leonardo on the 19th and Aubriella on the 27th, as well as our lovely Ms. Lisa on the 22nd! So much to look forward to! We will continue with our learning of writing practice and counting, but we will also be incorporating our theme into our activities this month with science, math, and some really fun art activities. We are having a great time so far this summer and we can't wait to continue "blasting off" into even more adventures!

♥ Ms. Tracey and Ms. Lisa

Happy Birthday!

Ms. Lisa-July 22

Leonardo-July 19

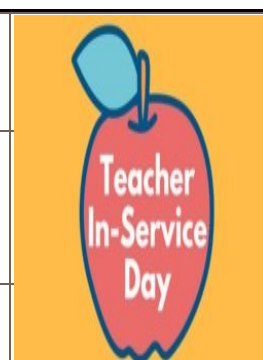

Aubriella-July 27
